SHEN YOU HOLDINGS LIMITED

申酉控股有限公司

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 8377)

ANNOUNCEMENT OF INTERIM RESULTS FOR THE SIX MONTHS ENDED 30 JUNE 2020

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

*This announcement, for which the directors (the “**Directors**”) of Shen You Holdings Limited (the “**Company**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.*

2. BASIS OF PREPARATION

The unaudited interim condensed consolidated financial statements of the Group for the six months ended 30 June 2020 (the “**period**”) have been prepared in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”) and the applicable disclosure requirements of the Companies Ordinance (Cap. 622) and to the Rules Governing the Listing of Securities on GEM of the Stock Exchange.

The unaudited interim condensed consolidated financial statements of the Group do not include all the information and disclosures required in annual consolidated financial statements, and should be read in conjunction with the consolidated financial statements of the Group for the year ended 31 December 2019.

The accounting policies and methods of computation used in the preparation of these financial statements are consistent with the consolidated financial statements of the Group for the year ended 31 December 2019, except for the adoption of the standards amendments and interpretation issued by the HKICPA mandatory for the annual periods beginning on 1 January 2020. The effect of the adoption of these standards, amendments and interpretation is described in note 3 below.

In January 2020, the ICAC conducted a search of the registered office of the Company and the Company’s chairman and chief executive officer was under investigation (the “**Investigation**”) with no prosecution issued by the ICAC up to the date of approval of these consolidated financial statements.

In the opinion of the directors of the Group, the Investigation does not have material impact to these financial statements.

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries (collectively referred to as the “**Group**”) for the six months ended 30 June 2020. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e. existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangement with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group’s voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary; (ii) the carrying amount of any non-controlling interest; and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received; (ii) the fair value of any investment retained; and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

3. CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following new and revised HKFRSs.

Amendments to HKFRS 3	<i>Definition of a Business</i>
Amendments to HKFRS 9, HKAS 39 and HKFRS 7	<i>Interest Rate Benchmark Reform</i>
Amendments to HKAS 1 and HKAS 8	<i>Definition of Material</i>

The adoption of the above new and revised standards has no significant impact on these financial statements.

4. OPERATING SEGMENT INFORMATION

The Group is principally engaged in the manufacturing and trading of sewing threads and broad categories of garment accessories. For management purposes, the Group operates in one business unit and has one reportable operating segment, which is the thread segment that manufactures and sells sewing threads and garment accessories. Accordingly, no further operating segment information is presented.

The Group’s financial liabilities include trade payables and financial liabilities included in other payables.

Management has assessed that:

- the fair values of the Group’s financial assets at amortised cost and financial liabilities were approximate to their carrying amounts largely due to the short term maturities of these instruments; and
- the fair value of the Group’s financial assets at fair value through profit or loss was categorised within Level 3 of the fair value hierarchy which is measured based on significant unobservable inputs and has been estimated based on the surrender value of the insurance policy.

There were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 during the six months ended 30 June 2020.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is principally engaged in the manufacturing and selling of sewing threads. It currently manufactures polyester sewing threads, which are mainly used for garments. The major product of the Group is 100% spun polyester sewing threads. Other types of sewing threads are also offered, including textured polyester series, elastic filament sewing threads and weft yarn. The Group's customers are located in the PRC, Hong Kong as well as overseas countries, including United Arab Emirates ("UAE"), Mauritius and Switzerland. For the six months ended 30 June 2020, the Group's revenue decreased significantly by approximately 39.4% as compared with that for the six months ended 30 June 2019. The gross profit margin decreased to approximately 17.1% for the six months ended 30 June 2020 from approximately 22.1% for the corresponding period in the preceding year. The decrease in gross profit margin was mainly attributable to the increase in the charge rate of the processing fees during the six months ended 30 June 2020.

FUTURE PROSPECTS

The future plans and use of proceeds schedule disclosed in the Prospectus were formulated based on the best estimation of the market conditions after the Listing. The discrepancy between the planned use of the Net Proceeds and the actual use mainly arose as a result of the actual market conditions affecting the Group after the Listing. The continuing trade conflict between the United States of America and the PRC, the PRC's gradual economic slowdown and the recent outbreak of COVID-19 pandemic have presented the Group with uncertainties and multiple challenges, rendering the need for the Group to be prudent in implementing its future plans as set out in the Prospectus. The Directors believe that a strict adherence to the implementation plan will increase the production capacity of the Group, while the additional machinery may lead to a provision for impairment for such machinery to be made in the future.

Meeting the demands of its customers as to high quality and differentiated products is one of the Group's priorities in order to maintain long-term business relationships with its customers. Further, the Directors believe that there are considerable business opportunities in the sewing threads industry in the long term. To satisfy its customers' potential demands and to capture the business opportunities in the sewing threads industry, the Group will continue to implement the expansion plans set out in the section headed "Future Plans and Use of Proceeds" in the Prospectus in a prudent and conservative manner with consideration of the market conditions at the time.

The Directors will continue to carefully monitor and assess the situation and, if the expansion plans no longer suit the operation and the future development of the Group, the Directors may evaluate and modify them so as to ensure that the Group's business strategies are in the best interests of the Company and the Shareholders as a whole.
